**NOTE**

2. The numbering of claims is not in accordance with 37 CFR 1.126 which requires the original numbering of the claims to be preserved throughout the prosecution. When claims are canceled, the remaining claims must not be renumbered. When new claims are presented, they must be numbered consecutively beginning with the number next following the highest numbered claims previously presented (whether entered or not).

Misnumbered claims 59-65 have been renumbered 64-70 (originally there were 63 claims present).

***Allowable Subject Matter***

3. Claims 29-47, 64-70 are allowed.
4. The following is an examiner's statement of reasons for allowance: The arguments presented by the Applicant are persuasive regarding the specific order of image taking steps, namely, first acquiring a nuclear emission data, then determining the extent of the radioactive region of interest followed by acquiring transmission data based on the determined extent. The prior references cited follow a reverse order with first acquiring the transmission and then the nuclear emission data.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
